Hawaiian Salt.

SAN FRANCISCO, Dec. 27 .- The bark Mauna Ala, which docked at Pacificshe was under water and Captain Smith had to use oil bags in order to keep the craft afloat.

The bark has aboard over 4,000 sacks of months 4 00 salt, a peculiar cargo when the loads of sugar that come from Hawaii are taken into consideration. This peculiar load Away back in the 80's a man named

> Dowsett started the idea that the making of sea salt by evaporation would pay. Oanu Sugar Co...... He began work on the coral reefs of Honolulu and in years accumulated thoucame the reaction, and sait was a drug on the market as the Mount Eden salt marshes on the Alameda shore had been discovered. These proved a good investment to the holders, and the Honolulu Fioneer..... product was a drug in the market. The Dowsett estate now wants to get rid of the salt, and the Mauna Ala comes here laden with it. It has lain in the storehouses of the family for nearly a generation and when it came to getting the stuff aboard the bark picks and shovels had to be used. Several other vessels are now on their way here with sait instead of sugar and the price of the former is sure to fall. In any event thousands of tons of the stuff that has been kept out of the stuff that has been kept out of the market for years will come here on the sugar boats and thus reach the regular market.

Dandruff, Which Is a Germ Disease

Falling hair is caused by dandruff, which is a germ disease. The germ, in burrowing in to the root of the hair. where it destroys the vitality of the hair, causing the hair to fall out, digs up the cuticle in little scales called dandruff or scurf. You can't stop the falling hair without curing the dandruff, and you can't cure the dandruff without killing the dandruff germ. "Destroy the cause, you remove the effeet." Newbro's Herpicide is the only hair preparation that kills the dandruff germ. Herpicide is also a de-
